Rudder - Bug #7127

Order of directive in a rule is only for ncf or standard lib

2015-08-24 17:32 - François ARMAND

Status:	Released		
Priority:	N/A		
Assignee:	Nicolas CHARLES		
Category:	Web - Config management		
Target version:	3.1.2		
Pull Request:	https://github.com/Normation/cf-clerk/pull/78	**Effort required:**	
Severity:		**Priority:**	
User visibility:			

Description
The order of directives in rules (or rules) is not done for all directive, but for the ncf technique on one hand, and for other techniques on the other hand.
So in fact, if we have directives: dir1, dir2, dir3, but dir3 is based on a ncf technique, then the final order is dir3, dir1, dir2. Which is clearly not what we want.
