| <b>Priority:</b> N/A   |                         |
| <b>Assignee:</b> Benoît PECCATTE   |                         |
| <b>Category:</b> Agent   |                         |
| <b>Target version:</b> 3.0.16  |                         |
| <b>Pull Request:</b> <a href="https://github.com/Normation/rudder-agent/pull/65">https://github.com/Normation/rudder-agent/pull/65</a>   | <b>Effort required:</b> |
| <b>Severity:</b>   | <b>Priority:</b>        |
| <b>User visibility:</b>  |                         |
| <b>Description</b>   |                         |
| We use several flag files to copy policy (promises, ncf, tools) from the Rudder server to Rudder nodes. The way these are used is:<br>1) Copy flag file<br>2) Check if copy changed flag file<br>3) If there was a change, start copy of main contents<br><br>However, if step 3 gets interrupted, or fails for any reason (not enough space on device, network issue, user killed process, etc), the next "update" will stop at step 2 (there will be no change to the flag file).<br><br>"rudder agent update" should be able to get around this, using a "force/-f" flag. |                         |
| <b>Subtasks:</b>   |                         |
| Bug # 8347: rudder agent update doesn't always update policy - also force ncf update   | <b>Rejected</b>         |
