

Rudder - Bug #9327

Error on inventory of policy servers: Error when parsing an <RUDDER><AGENT> entry, that agent will be ignored. <- could not parse policy server id (tag POLICY_SERVER_UUID) from specific inventory

2016-10-11 17:06 - Nicolas CHARLES

Status: Released	
Priority: N/A	
Assignee: Matthieu CERDA	
Category: System techniques	
Target version: 3.1.17	
Pull Request: https://github.com/Normation/rudder-packages/pull/1103	Effort required:
Severity:	Priority:
User visibility:	
Description	
In #8921 , we changed the way we detect Enterprise agent, by detecting on /var/cfengine But, on every policy server, we do have a /var/cfengine - so, inventory contains an entry for cfengine nova, in the Rudder extension However, the install is partial - no policy-server uuid is defined there, so the entry ends up invalid, and is ignored by the server We simply have a nasty error log, but e should revert to the old path for detection
